Sip and Pak Sustainable Packaging

Our plastic-free sugarcane compartment containers are made from rapidly renewable sugarcane pulp, a by-product of the sugar refining industry, and mixed with other plant fibres. This 4-compartment container base is made with no added PFAS and is pending home compostable to AS5810 standards.

### Ordering & logistics

|                          |           |
|--------------------------|-----------|
| Carton quantity          | 300       |
| Sleeves per carton       | 2         |
| Units per sleeve         | 150       |
| Carton Size LxWxH (cm)   | 50x28x36  |
| Carton gross weight (kg) | 10.200000 |

### Product dimensions

|                          |                               |
|--------------------------|-------------------------------|
| Dimensions top LxW (mm)  | 270x170                       |
| Dimensions base LxW (mm) | 225x125                       |
| Product Depth            | 48                            |
| Product weight (g)       | 34                            |
| Use                      | Hot, Cold, Wet & Dry Products |

### Materials & production

|              |                                |
|--------------|--------------------------------|
| Raw Material | Plant Fibre With No Added PFAS |
|--------------|--------------------------------|

### Certifications

|                                    |           |
|------------------------------------|-----------|
| Environmental production certified | ISO 14001 |
| Facility Quality Systems           | ISO 9001  |
| Factory food safety certified      | BRC       |

### Compost & recycling

|                          |                                                                                      |
|--------------------------|--------------------------------------------------------------------------------------|
| Home compostable         | Certified to AS5810 Australian standards, Certified to NF T51-800 European standards |
| Industrially compostable | No                                                                                   |
| Recyclable               | Not Recyclable                                                                       |
