

# 960ml Clear Unbranded BioBowl

Product: 960ml Clear Unbranded BioBowl

SKU: P-960-C

URL: <https://www.sipandpak.com.au/product/960ml-clear-unbranded-biobowl/>

## BioPak specification

|                        |                                                                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Unit weight (g)        | 21.4                                                                                                                                                                                                    |
| Packaging type         | Container                                                                                                                                                                                               |
| Raw material           | Bioplastic - PLA                                                                                                                                                                                        |
| Lining                 | None                                                                                                                                                                                                    |
| Home compostable       | No                                                                                                                                                                                                      |
| Industrial compostable | Certified to AS4736 Australian Standards, Certified to EN13432 European Standards                                                                                                                       |

| Sustainability highlights              | Bioplastic - PLA; No; Industrially compostable: Certified to AS4736 Australian Standards, Certified to EN13432 European Standards · Environmental production certified: ISO 14001 · Factory food safety certified: FSSC 22000; Recyclable: Not Recyclable |

## Methodology

Equivalent Format Comparison (EFC): BioPak specification unit mass vs industry conventional packaging mass for the matched format, plus fossil polymer estimate using typical PE/PS/PP fractions. SKU P-960-C weight from BioPak specifications. Indicative estimate only - not a certified life-cycle assessment (ISO 14040/14044). Compares BioPak published unit masses to conventional equivalent-format benchmarks used in Australian

foodservice (PE-lined cups, PP clamshells, PS lids). For procurement reporting, request substantiated SKU documentation from Sip and Pak. Typically within  $\pm 15\%$  for fossil polymer estimate when a BioPak SKU and format benchmark both match.
